PROFESSIONAL SUMMARY

10+ years in computer & data operations and IT management — and since AI arrived, everything I deliver is **fully AI-automated**: IT management, computer works, data & content, digital marketing and social-media SEO. Running my own **Common Service Center (CSC)** since 2016, and I build websites and automation tools myself — including this portfolio site and a data-entry automation software.

FULLY AI-POWERED SERVICES

Office Administration & Data Entry · CSC & e-Governance Services (10+ yrs) · Data Entry Automation
Websites & Prototypes · AI & Browser Automation · Digital Marketing & SEO

WORK EXPERIENCE

Computer Operator Nov 2025 – Present

Primary Agricultural Co-Operative Society Beldarsivni, Raipur

- Daily computer operations, record keeping, data entry and office assistance for the society.
- Maintains digital records and supports administrative workflows.

Owner / Operator — Common Service Center (CSC) 2016 – Present · 10+ yrs

Self-employed · Raipur, Chhattisgarh

- Run a CSC providing e-governance and digital services — online forms, documentation, printing, banking and government-scheme support.
- Manage customers, records and daily operations independently for 10+ years.
